

Inform and communicate is a central element of the ECS and is performed continuously during the year. Management, process owners and control operators in general are responsible for informing and communicating the results within the ECS. This is done through different sign-off procedures during the year.

The status of ECS activities is followed up continuously through status calls between the ECS Office and sector internal control coordinators. Information about the status of the ECS is provided periodically to relevant parties such as Sector and Group Management, the Audit Board and the Audit Committee.

### Auditor's report on the Corporate Governance Statement

To the annual meeting of the shareholders of AB Electrolux (publ), corporate identity number 556009-4178

It is the Board of Directors who is responsible for the Corporate Governance Statement for the year 2011 on pages 82 – 99 and that it has been prepared in accordance with the Annual Accounts Act. We have read the corporate governance statement and based on that reading and our knowledge of the company and the group we believe that we have a sufficient basis for our opinions. This means that our statutory examination of the Corporate Governance Statement is different and substantially less in scope than an audit conducted in accordance with International Standards on Auditing and generally accepted auditing standards in Sweden. In our opinion, the Corporate Governance Statement has been prepared and its statutory content is consistent with the annual accounts and the consolidated accounts.
