Q&A

Factors affecting forward-looking statements

This presentation contains “forward-looking” statements within the meaning of the US Private Securities Litigation Reform Act of 1995. Such statements include, among others, the financial goals and targets of Electrolux for future periods and future business and financial plans. These statements are based on current expectations and are subject to risks and uncertainties that could cause actual results to differ materially due to a variety of factors. These factors include, but may not be limited to the following: consumer demand and market conditions in the geographical areas and industries in which Electrolux operates, effects of currency fluctuations, competitive pressures to reduce prices, significant loss of business from major retailers, the success in developing new products and marketing initiatives, developments in product liability litigation, progress in achieving operational and capital efficiency goals, the success in identifying growth opportunities and acquisition candidates and the integration of these opportunities with existing businesses, progress in achieving structural and supply-chain reorganization goals.
