Item 15 – Remuneration guidelines for the Electrolux Group Management

The Board of Directors proposes that the Annual General Meeting approve guidelines for remuneration and other terms of employment for the Electrolux Group Management on the following terms:

The guidelines set forth herein, that correspond to those resolved at the Annual General Meeting 2018, shall apply to the remuneration and other terms of employment for the President and CEO and other members of Group Management of Electrolux ("Group Management"). Group Management currently comprises eleven executives.

The principles shall be applied for employment agreements entered into after the Annual General Meeting in 2019 and for changes made to existing employment agreements thereafter.

Remuneration for the President and CEO is resolved upon by the AB Electrolux Board of Directors, based on the recommendation of the Remuneration Committee. Remuneration for other members of Group Management is resolved upon by the Remuneration Committee and reported to the Board of Directors.

Note 27 of the Annual Report includes a detailed description of existing remuneration arrangements for Group Management, including fixed and variable compensation, long-term incentive programs and other benefits.

Guidelines

Electrolux shall strive to offer total remuneration that is fair and competitive in relation to the country or region of employment of each Group Management member. The remuneration terms shall emphasize 'pay for performance', and vary with the performance of the individual and the Group. The total remuneration for Group Management may comprise the components set forth hereafter.

Fixed compensation

The Annual Base Salary ("ABS") shall be competitive relative to the relevant country market and reflect the scope of the job responsibilities. Salary levels shall be reviewed periodically (usually annually) to ensure continued competitiveness and to recognize individual performance.

Variable compensation

Following the 'pay for performance' principle, variable compensation shall represent a significant portion of the total compensation opportunity for Group Management. Variable compensation shall always be measured against pre-defined targets and have a maximum above which no pay out shall be made.

Variable compensation shall principally relate to financial performance targets.

Non-financial targets may also be used in order to strengthen the focus on delivering on the Group's strategic plans. The targets shall be specific, clear, measurable and time bound and be determined by the Board of Directors.

Short Term Incentive (STI)

Group Management members shall participate in an STI plan under which they may receive variable compensation. The objectives in the STI plan shall mainly be financial. These shall be set based on annual financial performance of the Group and, for the business area heads, of the business area for which the Group Management member is responsible.

The maximum STI entitlements shall be dependent on job position and may amount up to a maximum of 100 per cent of ABS. Reflecting current market conditions, the STI entitlement for Group Management members in the U.S. may amount up to a maximum of 150 per cent of ABS if the maximum performance level is reached.

STI payments for 2019 are estimated¹ to range between no payout at minimum level and SEK 58m (excluding social costs) at maximum level.

Long Term Incentive (LTI)

Each year, the Board of Directors will evaluate whether or not a LTI program shall be proposed to the General Meeting. LTI programs shall always be designed with the aim to further enhance the common interest of participating employees and Electrolux shareholders of a good long-term development for Electrolux.

The costs for the LTI program proposed for 2019 are estimated² to SEK 463m (including social costs) at maximum level. For information on the proposed LTI program, please refer to the Board's separate proposal.

Extraordinary arrangements

Other variable compensation may be approved in extraordinary circumstances under the conditions that such extraordinary arrangement, in addition to the target requirements set out above, is made for recruitment or retention purposes, is agreed on an individual basis, does not exceed three (3) times the ABS and is earned and/or paid out in installments over a minimum period of two (2) years.

Costs for extraordinary arrangements during 2018 amounted to approximately SEK 3.2m. Currently there are no outstanding extraordinary arrangements.

Pension and Benefits

Old age pension, disability benefits and medical benefits shall be designed to reflect home country practices and requirements. When possible, pension plans shall be based on defined contribution. In individual cases, depending on tax and/or social security

¹ Estimation made on the assumption that Group Management is unchanged.

² See footnote 1 above.

legislation to which the individual is subject, other schemes and mechanisms for pension benefits may be approved.

Other benefits may be provided on individual level or to the entire Group Management. These benefits shall not constitute a material portion of total remuneration.

Notice of Termination and Severance Pay

The notice period shall be twelve months if the Group takes the initiative to terminate the employment and six months if the Group Management member takes the initiative to terminate the employment.

In individual cases, severance pay may be approved in addition to the notice periods. Severance pay may only be payable upon the Group's termination of the employment arrangement or where a Group Management member gives notice as the result of an important change in the working situation, because of which he or she can no longer perform to standard. This may be the case in e.g. the event of a substantial change in ownership of Electrolux in combination with a change in reporting line and/or job scope.

Severance pay may for the individual include the continuation of the ABS for a period of up to twelve months following termination of the employment agreement; no other benefits shall be included. These payments shall be reduced with the equivalent value of any income that the individual earns during that period of up to twelve months from other sources, whether from employment or independent activities.

Deviations from the guidelines

The Board of Directors shall be entitled to deviate from these guidelines if special reasons for doing so exist in any individual case.

Item 16 – Implementation of a performance based long-term share program for 2019

The Board of Directors has decided to propose a long-term incentive program for 2019. The Board is convinced that the proposed program will be beneficial to the company's shareholders as it will contribute to the possibilities to recruit and retain competent employees, is expected to increase the commitment and the motivation of the program participants and will strengthen the participants' ties to the Electrolux Group and its shareholders.

The Board of Directors proposes, in view of the above, that the Annual General Meeting resolves to implement a performance based, long-term share program for 2019 (the "Share Program 2019") with the following principal terms and conditions:

- a) The program is proposed to include up to 350 senior managers and key employees of the Electrolux Group, who are divided into six groups; the President and CEO ("Group 1"), other members of Group Management ("Group 2"), and four additional groups for other senior managers and key employees ("Group 3-6"). Invitation to participate in the program shall be provided by Electrolux no later than on May 16, 2019.
- b) Participants are offered to be allocated Performance Shares, provided that the participant remains employed until January 1, 2022. Exemptions to this requirement may be prescribed in specific cases, including a participant's death, disability, retirement or the divestiture through a sale, spin-off or otherwise of the participant's employing company from the Electrolux Group.
- c) The Performance Shares shall be based on maximum performance values for each participant category. The maximum performance value for the participants in Group 1 will be 100 per cent of the participant's annual base salary for 2019, for participants in Group 2, 90 per cent of the participant's annual base salary for 2019, for participants in Group 3, 80 per cent of the participant's annual base salary for 2019, for participants in Group 4, 60 per cent of the participant's annual

base salary for 2019, for participants in Group 5, 50 per cent of the participant's annual base salary for 2019, and for participants in Group 6, 40 per cent of the participant's annual base salary for 2019. The total sum of the maximum values of the Performance Shares thus defined for all participants will not exceed SEK 374m excluding social costs.

- d) Each maximum value shall thereafter be converted into a maximum number of Performance Shares³, based on the average closing price paid for Electrolux B shares on Nasdaq Stockholm during a period of ten trading days before the day the participants are invited to participate in the program, reduced by the present value of estimated dividend payments for the period until shares are allotted.
- e) The calculation of the number of Performance Shares shall be connected to performance targets for the Group established by the Board for (i) earnings per share, (ii) return on net assets,⁴ and (iii) adjusted organic sales growth⁵, for the 2019 financial year. The performance targets adopted by the Board will stipulate a minimum level and a maximum level, with the relative weight of the performance targets (i), (ii) and (iii) being 50 per cent, 40 per cent and 10 per cent respectively.
- f) Performance outcome of the established performance targets will be determined by the Board after the expiry of the one-year performance period. If the maximum performance level is reached or exceeded, the allocation will amount to (and will not exceed) the maximum number of Performance Shares following from c) and d). If performance is below the maximum level but exceeds the minimum level, a proportionate allocation of shares will be made. No allocation will be made if performance amounts to or is below the minimum level. Information on the performance targets and the outcome will be provided no later than in connection with the allocation of Performance Shares in accordance with h).
- g) The total award of Performance Shares may never exceed one (1) per cent of the total number of shares in Electrolux. If required, allotments shall be reduced to ensure that this dilution cap is observed.
- h) If all conditions in the Share Program 2019 are met, allocation of Performance Shares will take place in the first half of 2022. Allocation will be free of charge except for tax liabilities.
- i) Certain deviations in or adjustments of the terms and conditions for the Share Program 2019 may be made based on local rules and regulations as well as applicable market practice or market conditions or where appropriate due to group re-organizations, including cash settlement instead of delivery of shares under certain circumstances.
- j) The Board of Directors, or a committee established by the Board for these purposes, shall be responsible for the preparation and management of the Share Program 2019, within the framework of the aforementioned terms and conditions.
- k) If material changes would occur within the Electrolux Group or on the market that, according to the Board's assessment, would lead to the conditions for allocation of Performance Shares no longer being reasonable, the Board will have the right to make also other adjustments of the Share Program 2019, including e.g. a right to resolve on a reduced allotment of shares.

Costs for the Share Program 2019

The total costs for the Share Program 2019 if the maximum number of Performance Shares are delivered, are estimated to a maximum of SEK 463m, which corresponds to approximately 2.1 per cent of total employment cost for 2018. The costs will be recognized over the years 2019-2021. The costs have been calculated as the sum of salary costs, including social costs, and administration costs for the program.

³ With a possibility for the Board of Directors to make adjustments for extraordinary events such as bonus issue, split, rights issue and/or other similar events.

⁴ With a possibility for the Board of Directors to make adjustments to (i) and (ii) for extraordinary events.

⁵ Adjusted organic sales growth is calculated as organic sales growth including total sales impact from acquisitions and divestments made in the year prior to the performance period.

Administration costs are estimated to be less than SEK 1m. If no allotment of shares is made, only administration costs will arise.

The salary costs have been calculated based on the value, at the start of the program, of the Performance Shares that may be allotted at maximum performance, with a reduction of the present value of estimated dividend payments during a three-year period. The estimate on maximum costs assumes maximum performance and that the number of participants that will leave the Group during the performance period is the same as the historical average since the introduction of share programs in 2004. In the calculation, a maximum share price of SEK 300 per share has been applied.

If repurchased shares are allocated under the program the number of outstanding shares is estimated to increase with not more than 2,224,000 B shares.⁶ Such maximum increase would have a dilutive effect on earnings per share of approximately 0.77 per cent. The total maximum increase in the number of outstanding shares of all outstanding share programs is estimated to not more than 3,291,432 B shares, corresponding to a dilutive effect on earnings per share of approximately 1.14 per cent. In this calculation, maximum allotment of shares has been assumed for Share Program 2019 and expected allotment has been assumed for the share programs for 2017 and 2018.

Hedging measures for the Share Program 2019

The Board of Directors does not currently propose any method for securing the undertakings under the Share Program 2019. Delivery of Performance Shares in accordance with the terms of the Share Program 2019 will take place in 2022.

Preparation of the proposal for the Share Program 2019

The proposal regarding the Share Program 2019 has been prepared by the Remuneration Committee and the Board of Directors.

Previous incentive programs in Electrolux

For a description of the company's other share related incentive programs, reference is made to the Annual Report for 2018, note 27, and the company's website, www.electroluxgroup.com. In addition to the programs described, no other share related incentive programs have been implemented in Electrolux.

Item 17 – Acquisition and transfer of own shares

Electrolux has previously, on the basis of authorizations by the Annual General Meetings, acquired own shares for the purpose of using these shares to finance potential company acquisitions and as a hedge for the company's share related incentive programs. As of January 1, 2019, Electrolux held 21,522,858 own B shares, corresponding to approximately 7.0 per cent of the total number of shares in the company.

The Board of Directors makes the assessment that it continues to be advantageous for the company to be able to adapt the company's capital structure, thereby contributing to increased shareholder value, and to continue to be able to use repurchased shares on account of potential company acquisitions and the company's share related incentive programs.

In view of the above, the Board of Directors proposes as follows.

⁶ With a possibility for the Board of Directors to make adjustments for extraordinary events such as bonus issue, split, rights issue and/or other similar events.

A. Acquisition of own shares

The Board of Directors proposes the Annual General Meeting to authorize the Board of Directors, for the period until the next Annual General Meeting on one or several occasions, to resolve on acquisitions of shares in the company as follows.

1. The company may acquire as a maximum so many B shares that, following each acquisition, the company holds at a maximum 10 per cent of all shares issued by the company.
2. The shares may be acquired on Nasdaq Stockholm.
3. Acquisition of shares may only be made at a price per share at each time within the prevailing price interval for the share.
4. Payment for the shares shall be made in cash.

The purpose of the proposal is to be able to use repurchased shares on account of potential company acquisitions and the company's share related incentive programs, and to be able to adapt the company's capital structure, thereby contributing to increased shareholder value.

The Board of Directors has issued a statement pursuant to Chapter 19, Section 22 of the Swedish Companies Act.

B. Transfer of own shares on account of company acquisitions

The Board of Directors proposes the Annual General Meeting to authorize the Board of Directors, for the period until the next Annual General Meeting on one or several occasions, to resolve on transfers of the company's own shares in connection with or as a consequence of company acquisitions as follows.

1. Own B shares held by the company at the time of the Board of Director's decision may be transferred.
2. The shares may be transferred with deviation from the shareholders' preferential rights.
3. Transfer of shares may be made at a minimum price per share corresponding to an amount in close connection with the price of the company's shares on Nasdaq Stockholm at the time of the decision on the transfer.
4. Payment for the transferred shares may be made in cash, by contributions in kind or by a set-off of company debt.

C. Transfer of own shares on account of the share program for 2017

The Board of Directors proposes, on account of the share program for 2017, that the Annual General Meeting resolves that the company shall be entitled, for the period until the next Annual General Meeting on one or several occasions, to transfer a maximum of 1,295,000 B shares in the company for the purpose of covering costs, including social security charges, that may arise as a result of the aforementioned program. Such transfers may take place on Nasdaq Stockholm at a price within the prevailing price interval from time to time.

Majority requirement

In order for the resolutions by the General Meeting in accordance with the Board of Directors' proposals under item 17 above to be valid, the resolutions must be accepted by shareholders holding no less than two thirds of the votes cast as well as the shares represented at the General Meeting.
