

**The auditor's of AB Electrolux statement pursuant to Chapter 20, Section 14 of the Swedish Companies Act**

We have taken part of the Board of Directors' of AB Electrolux proposal of a redemption procedure including an increase of the share capital by way of a bonus issue and the therein enclosed report pursuant to Chapter 20, Section 13, fourth paragraph of the Swedish Companies Act. We have no objections against the report.

We find that the measures which the board has proposed be taken to ensure that the company's restricted shareholders' equity and the share capital is not reduced are adapted to their purpose. We also find that the Board of Directors' assessment of the effects of these measures is correct.
