

## **Procedure Nomination Committee 2007**

As resolved at the AGM in April 2006, Electrolux shall have a Nomination Committee for the AGM in 2007 which, as in previous years, consists of representatives of the four largest shareholders in terms of voting rights and the Chairman.

Electrolux shareholders will be asked whether they wish to participate in the Nomination Committee for the AGM in 2007 based on the ownership records provided by the Swedish Central Securities Depository & Clearing Organization (VPC) as of September 30, 2006. The four largest shareholders in terms of voting rights will be asked, and if any of them declines to nominate a representative, the next shareholder in priority will be given the opportunity to nominate a representative, until four representatives have been nominated.

VPC's ownership records include shareholders who are registered in their own names or through a bank or another trustee pursuant to the Swedish Act (1998:1479) on Account Keeping of Financial Instruments. However, shareholders who have their shares registered through other trustees are not automatically reported to the VPC, and are thus not included in VPC's ownership records. Foreign banks and other foreign trustees are normally included in the latter group of trustees. The larger shareholders who have their shares registered through such foreign trustees and who are interested in participating in the Nomination Committee are therefore requested either to temporarily register their shares in their own name as per September 30, 2006, or else to notify the Company at the following address:
