

**The Nomination Committee's recommendation for Board Members' acquisition and holding of Electrolux shares**

---

The Nomination Committee is of the opinion that it is an advantage for Electrolux and its shareholders that the Directors, as long as they are Directors, hold shares in the company.

Against this background, the Nomination Committee would appreciate that Directors appointed by the general meeting of shareholders acquires shares in Electrolux and that these are maintained as long as the Director remain part of the Board. A shareholding of a Director should after five years correspond to the value of one gross annual fee.
