Item 16 – Remuneration guidelines for the Electrolux Group Management

The Board of Directors proposes that the Annual General Meeting approve guidelines for remuneration and other terms of employment for the Electrolux Group Management on the following terms:

The guidelines set forth herein, that do not include any fundamental changes in relation to those resolved at the Annual General Meeting 2013, shall apply to the remuneration and other terms of employment for the President and CEO and other members of Group Management of Electrolux (Group Management). Group Management currently comprises twelve executives.

The principles shall be applied for employment agreements entered into after the Annual General Meeting (AGM) in 2014 and for changes made to existing employment agreements thereafter.

Remuneration for the President and CEO is resolved upon by the AB Electrolux Board of Directors, based on the recommendation of the Remuneration Committee. Remuneration for other members of Group Management is resolved upon by the Remuneration Committee and reported to the Board of Directors.

Note 27 of the Annual Report includes a detailed description of existing remuneration arrangements for Group Management, including fixed and variable compensation, long-term incentive programs and other benefits.

Guidelines

Electrolux shall strive to offer total remuneration that is fair and competitive in relation to the country of employment or region of each Group Management member. The remuneration terms shall emphasize 'pay for performance', and vary with the performance of the individual and the Group. The total remuneration for Group Management can comprise the components as are set forth hereafter.

Fixed compensation

Annual Base Salary (ABS) shall be competitive relative to the relevant country market and reflect the scope of the job responsibilities. Salary levels shall be reviewed periodically (usually annually) to ensure continued competitiveness and to recognize individual performance.

Variable compensation

Following the 'pay for performance' principle, variable compensation shall represent a significant portion of the total compensation opportunity for Group Management. Variable compensation shall always be measured against pre-defined targets and have a maximum above which no pay out shall be made.

Variable compensation shall principally relate to financial performance targets.

Non-financial targets may also be used in order to strengthen the focus on delivering on the Group's strategic plans or to clarify that an own investment in Electrolux shares or other commitment is required. The targets shall be specific, clear, measurable and time bound and be determined by the Board of Directors.

Short Term Incentive (STI)

Group Management members shall participate in an STI plan under which they may receive variable compensation. The objectives in the STI plan shall mainly be financial. These shall be set based on annual financial performance of the Group and, for the sector heads, of the sector for which the Group Management member is responsible.

The maximum STI entitlements shall be dependent on job position and may amount up to a maximum of 100 per cent of ABS. Reflecting market norms, the STI entitlement for a Group Management member in the USA may amount up to a maximum of 150 per cent of ABS if the maximum performance level is reached.

STI payments for 2014 are estimated¹ to range between no payout at minimum level and MSEK 56 (excluding social costs) at maximum level.

¹ Estimation made on the assumption that Group Management is unchanged.

Thinking of you
Electrolux

Long Term Incentive (LTI)

Each year, the Board of Directors will evaluate whether or not a long-term incentive program shall be proposed to the General Meeting. Long-term incentive programs shall always be designed with the aim to further enhance the common interest of participating employees and Electrolux shareholders of a good long-term development for Electrolux.

Cost for the LTI program proposed for 2014 are estimated¹ to MSEK 253 (including social costs) at maximum level. For information on the proposed LTI program, please refer to the Board's separate proposal.

Extraordinary arrangements

Other variable compensation may be approved in extraordinary circumstances, under the conditions that such extraordinary arrangement shall, in addition to the target requirements set out above, be made for recruitment or retention purposes, are agreed on an individual basis, shall never exceed three (3) times the ABS and shall be earned and/or paid out in installments over a minimum of two (2) years.

Cost for extraordinary arrangements during 2013 equals to MSEK 6 (excluding social costs). All previously existing extraordinary arrangements have been settled and currently there are no such arrangements outstanding.

Pension and Benefits

Old age pension, disability benefits and medical benefits shall be designed to reflect home country practices and requirements. When possible, pension plans shall be based on defined contribution. In individual cases, depending on tax and/or social security legislation to which the individual is subject, other schemes and mechanisms for pension benefits may be approved.

Other benefits may be provided on individual level or to the entire Group Management. These benefits shall not constitute a material portion of total remuneration.

Notice of Termination and Severance Pay

The notice period shall be twelve months if the Group takes the initiative and six months if the Group Management member takes the initiative.

In individual cases, severance arrangements may be approved in addition to the notice periods. Severance arrangements may only be payable upon the Group's termination of the employment arrangement or where a Group Management member gives notice as the result of an important change in the working situation, because of which he or she can no longer perform to standard. This may be the case in e.g. the event of a substantial change in ownership of Electrolux in combination with a change in reporting line and/or job scope.

Severance arrangements may for the individual include the continuation of the ABS for a period of up to twelve months following termination of the employment agreement; no other benefits shall be included. These payments shall be reduced with the equivalent value of any income that the individual earns during that period of up to twelve months from other sources, whether from employment or independent activities.

Deviations from the guidelines

The Board of Directors shall be entitled to deviate from these guidelines if special reasons for doing so exist in any individual case.

Item 17 – Implementation of a performance based long-term share program for 2014

The Board of Directors has decided to propose a long-term incentive program for 2014. The Board is convinced that the proposed program will be beneficial to the company's shareholders as it will contribute to the possibilities to recruit and retain competent employees, is expected to increase the commitment and the motivation of the program participants and will strengthen the participants' ties to the Electrolux Group and its shareholders.

The Board of Directors proposes, in view of the above, that the Annual General Meeting resolves to implement a performance based, long-term share program for 2014 (the "Share Program 2014") with the following principal terms and conditions:

- a) The program is proposed to include up to 225 senior managers and key employees of the Electrolux Group, who are divided into five groups; the President and CEO ("Group 1"), other members of Group Management ("Group 2"), and three additional groups for other senior managers and key employees ("Group 3-5"). Invitation to participate in the program shall be provided by Electrolux no later than on May 14, 2014.

- b) Participants are offered to be allocated Performance Shares, provided that the participant remains employed until January 1, 2017. Exemptions to this requirement may be prescribed in specific cases, including a participant's death, disability, retirement or the divestiture of the participant's employing company from the Electrolux Group.
- c) The Performance Shares shall be based on maximum performance values for each participant category. The maximum performance value for the participants in Group 1-3 will be 80 per cent of the participant's annual base salary for 2014, for participants in Group 4, 60 per cent of the participant's annual base salary for 2014, and for participants in Group 5, 40 per cent of the participant's annual base salary for 2014. The total sum of the maximum values thus defined for all participants will not exceed MSEK 228 excluding social costs.
- d) Each maximum value shall thereafter be converted into a maximum number of Performance Shares, based on the average closing price paid for Electrolux B-shares on NASDAQ OMX Stockholm during a period of ten trading days before the day the participants are invited to participate in the program, reduced by the present value of estimated dividend payments for the period until shares are allotted.
- e) The calculation of the number of Performance Shares shall be connected to performance targets for the Group established by the Board for (i) earnings per share (excluding items affecting comparability), (ii) return on net assets (excluding items affecting comparability), and (iii) organic sales growth, for the 2014 financial year. The performance targets adopted by the Board will stipulate a minimum level and a maximum level, with the relative weight of the performance targets (i), (ii) and (iii) being 25 per cent, 50 per cent and 25 per cent respectively.
- f) Performance outcome of the established performance targets will be determined by the Board after the expiry of the one-year performance period. If the maximum performance level is reached or exceeded, the allocation will amount to (and will not exceed) the maximum number of Performance Shares following from c) and d). If performance is below the maximum level but exceeds the minimum level, a proportionate allocation of shares will be made. No allocation will be made if performance amounts to or is below the minimum level. Information on the performance targets and the outcome will be provided no later than in connection with the allocation of Performance Shares in accordance with h).
- g) The total award of Performance Shares may never exceed one (1) per cent of the total number of shares in Electrolux. If required, allotments shall be reduced to ensure that this dilution cap is observed.
- h) If all conditions in the Share Program 2014 are met, allocation of Performance Shares will take place in the first half of 2017. Allocation will be free of charge except for tax liabilities.
- i) Certain deviations in or adjustments of the terms and conditions for the Share Program 2014 may be made based on local rules and regulations as well as applicable market practice or market conditions.
- j) The Board of Directors, or a committee established by the Board for these purposes, shall be responsible for the preparation and management of the Share Program 2014, within the framework of the aforementioned terms and conditions.
- k) If material changes would occur within the Electrolux Group or on the market that, according to the Board's assessment, would lead to the conditions for allocation of Performance Shares no longer being reasonable, the Board will have the right to make also other adjustments of the Share Program 2014, including e.g. a right to resolve on a reduced allotment of shares.

Costs for the Share Program 2014

The total costs for the Share Program 2014 if the maximum number of Performance Shares are delivered, are estimated to a maximum of MSEK 253, which corresponds to approximately 1.5 per cent of total employment cost for 2013. The costs will be recognized over the years 2014-2016. The costs have been calculated as the sum of salary costs, including social costs, and administration costs for the program. Administration costs are estimated to be less than MSEK 1. If no allotment of shares is made, only administration costs will arise.

The salary costs have been calculated based on the value, at the start of the program, of the Performance Shares that may be allotted at maximum performance, with a reduction of the present value of estimated dividend payments during a three-year period. The estimate on maximum costs assumes maximum performance and that the number of participants that will leave the Group during the performance period is the same as the historical average since the

Thinking of you

introduction of share programs in 2004. In the calculation, a maximum share price of SEK 245 per share has been applied.

Allocation of repurchased shares under the program is estimated to increase the number of outstanding shares with not more than 1,850,000 B-shares. Such maximum increase would have a dilutive effect on earnings per share of approximately 0.65 per cent. The total maximum increase in the number of outstanding shares of all outstanding share programs is estimated to not more than 3,420,438 B-shares, corresponding to a dilutive effect on earnings per share of approximately 1.2 per cent. In this calculation, maximum allotment of shares has been assumed for Share Program 2014 and expected allotment has been assumed for the share programs for 2012 and 2013.

The above calculations assume that Electrolux undertakings under the Share Program 2014 are secured with own shares (see further below).

Hedging measures for the Share Program 2014

The Board of Directors does not currently propose any method for securing the undertakings under the Share Program 2014. Delivery of Performance Shares in accordance with the terms of the Share Program 2014 will take place in 2017.

Preparation of the proposal for the Share Program 2014

The proposal regarding the Share Program 2014 has been prepared by the Remuneration Committee and the Board of Directors.

Previous incentive programs in Electrolux

For a description of the company's other share related incentive programs, reference is made to the annual report for 2013, note 27, and the company's website, www.electrolux.com. In addition to the programs described, no other share related incentive programs have been implemented in Electrolux.

Item 18 – Acquisition and transfer of own shares

Electrolux has previously, on the basis of authorisations by the Annual General Meetings, acquired own shares for the purpose of using these shares to finance potential company acquisitions and as a hedge for the company's share related incentive programs. As of January 1, 2014, Electrolux held 22,708,321 B-shares in Electrolux, corresponding to approximately 7.4 per cent of the total number of shares in the company.

The Board of Directors makes the assessment that it continues to be advantageous for the company to be able to adapt the company's capital structure, thereby contributing to increased shareholder value, and to continue to be able to use repurchased shares on account of potential company acquisitions and the company's share related incentive programs.

In view of the above, the Board of Directors proposes as follows.

A. Acquisition of own shares

The Board of Directors proposes the Annual General Meeting to authorize the Board of Directors, for the period until the next Annual General Meeting, to resolve on acquisitions of shares in the company as follows.

1. The company may acquire as a maximum so many B-shares that, following each acquisition, the company holds at a maximum 10 per cent of all shares issued by the company.
2. The shares may be acquired on NASDAQ OMX Stockholm.
3. Acquisition of shares may only be made at a price per share at each time within the prevailing price interval for the share.
4. Payment for the shares shall be made in cash.

The purpose of the proposal is to be able to adapt the company's capital structure, thereby contributing to increased shareholder value, and to be able to use repurchased shares on account of potential company acquisitions and the company's share related incentive programs.

The Board of Directors has issued a statement pursuant to Chapter 19, Section 22 of the Swedish Companies Act.

B. Transfer of own shares on account of company acquisitions

The Board of Directors proposes the Annual General Meeting to authorize the Board of Directors, for the period until the next Annual General Meeting, to resolve on transfers of Electrolux own shares in connection with or as a consequence of company acquisitions as follows.

1. Own B-shares held by the company at the time of the Board of Director's decision may be transferred.
2. The shares may be transferred with deviation from the shareholders' preferential rights.
3. Transfer of shares may be made at a minimum price per share corresponding to an amount in close connection with the price of the company's shares on NASDAQ OMX Stockholm at the time of the decision on the transfer.
4. Payment for the transferred shares may be made in cash, by contributions in kind or by a set-off of company debt.

Majority requirement

In order for the resolutions by the General Meeting in accordance with the Board of Directors' proposals in items 11 and 18 above to be valid, the resolutions must be accepted by shareholders holding no less than two thirds of the votes cast as well as the shares represented at the General Meeting.

Shares and votes

As of the same date the company holds 22,708,321 own B-shares, corresponding to 2,270,832.1 votes that may not be represented at the General Meeting.

Information at the AGM

The Board of Directors and the CEO shall, if any shareholder so requests and the Board of Directors believes that it can be done without material harm to the company, provide information regarding circumstances that may affect the assessment of an item on the agenda, circumstances that can affect the assessment of the company's or its subsidiaries' financial situation and the company's relation to other companies within the group.
