<td>Electrolux has established a Global Product Safety Advisory Committee (GPSAC) to ensure global compliance with the Group Product Safety Policy and all other applicable policies and procedures. GPSAC consists of senior managers representing the Group's organizational structure, including, but not limited to, Operations, Quality, Risk Management, Purchasing, Legal, and Communications. GPSAC reviews the activities in each Business Area, to have oversight on any corrective actions that are identified as being required in any applicable markets.</td>

**Electrolux Response**: Electrolux products include Energy Star® products, which account for approximately 37% of net sales in the Business Area North America and are part of Electrolux internal metric for measuring impact from our most resource-efficient products where applicable. For 2021, the 19% most resource-efficient products globally accounted for 31% of gross profit.

#### ACTIVITY: Annual production

- Quantitative | Number | CG-AM-000.A | Around 60 million annually

---

**Description of efforts to manage products' end-of-life impacts**: Electrolux supports recycling by introducing recycled materials into our products. New business models - we will continue to develop innovative business models that promote circularity by making better use of resources. Product take back - we support the European take-back system and will work to find ways to improve product recycling with a special focus on regions where there is no legally mandated product take back. For more information please see: Offer circular products and business solutions.
Electrolux is a leading global appliance company that has shaped living for the better for more than 100 years. We reinvent taste, care and wellbeing experiences for millions of people around the world, always striving to be at the forefront of sustainability in society through our solutions and operations. Under our brands, including Electrolux, AEG and Frigidaire, we sell approximately 60 million household products in approximately 120 markets every year. In 2021, Electrolux had sales of SEK 126 billion and employed 52,000 people around the world.
